## REUNION ANNOUNCEMENT

General Order From President of Southwest Veterans.

To the members of the Southwest Veteran Association:

Having been elected president of the Southwest Veteran Association at its last annual meeting, it becomes my duty to issue the following order, and I hereby make the following appointment of officers: J. A. Arment, secretary; J. W. Sidlow, Q. M.; Geo. E. Bicknell, chaplain; Geo. Mallonee, Drum Major; Miss Rosa Rhodes, Daughter of the Regiment. They will be respected and obeyed accordingly.

The 12th annual reunion will be held on August 1-2-3-4, 1905, in the Wright park at Dodge City. Vice-presidents will at once organize their respective counties, work up an interest thereby making this the largest gathering ever held in the west. This can be done if we all work to that end. Bearing in mind the sad fact that it will be the last reunion for some of us, as some will have answered the last roll call before another year goes by, and who knows, perhaps you and I will be among the number. Don't miss this opportunity of meeting you old comrades of over 45 years. Vice presidents will report to headquarters the probable number that will attend from their county not later than July 15th. Each county is invited and expected to come prepared to furnish part of the entertainment such as speeches, songs, music, recitations, etc. All old soldiers and sailors, Union and Confederate, Spanish, American and soldiers of the Philippine insurrection, their families and friends, and all citizens are invited. The citizens of Dodge City invite you, they are willing and able to give you a royal welcome. Tents will be assigned to each county for their use in the order they report ready to occupy them. Hay, straw, light and water will be furnished free to those in camp. Bring your blankets, cooking and camp equipage. Those who desire other quarters can procure them at reasonable rates at hotels and private homes through the committee. The park has been much improved with electric lights and telephones, making it a shady ideal camp ground. Come early prepared to stay until all is over. The State Soldiers' home five miles east of Dodge City is well worth a visit. The Ford County Fair Association will hold meetings on their grounds west of the park each afternoon at which time a good program will be given. All old soldiers and their wives will be admitted free to such meetings.

Parties desiring privileges should write at once to Secretary Arment, Dodge City.

Yours truly,  
D. L. SWEENEY, Pres.

WILL COME TO DODGE.

Federation of Millers Charter Car Trains Via A. T. & S. F. Ry. Co. to Inspect Wheat.

After adjournment of Convention at Kansas City, June 9, 1905, the National Federation of Millers will make a tour of the A. T. & S. F. Ry. line for the purpose of inspecting the wheat fields of Kansas and Oklahoma. They will charter a special train from the Santa Fe, having over one hundred people to go from Kansas City who will be joined by another party of millers from Minneapolis, Minn., leaving Kansas City 11:30 p.m. June 9th, arrive Dodge City June 10th 10:00 a.m., and will leave Dodge City same date 10:50 a.m. going to Newton from which place they will go to Bliss, O. T. to witness the mammoth Indian Celebration, Buffalo Hunt and Cowboy reunion June 11th, a treat that no one should miss, a chance of a lifetime. Excursion tickets on sale at the A. T. & S. F. ticket office.

W. R. KLINEDEIST, Agt.

### Library Site.

The library site question seems to be settled definitely at last. The school board at its meeting this week passed a resolution for the transfer of the Bridge street site to the city, and the transfer is to be made as soon as the best plan for making it is decided upon. Apparently there is no talk of the library board reconsidering its action regarding the site. The board will soon be ready to proceed with the work of establishing the library.

### Card to Friends.

To all of the kind friends who assisted in recovering the body of our son and brother who was drowned on May 28, and for the thoughtful help and sympathy of these friends and others during the succeeding days and at the funeral and burial we wish to publicly express our thanks.

A. P. KOLLEY and FAMILY.

### Coal, Coal.

Leave orders for prepared Canon, just the fuel for summer use, \$5.50 per ton. E. E. SMITH.

## WATER WORKS QUESTION

Still an Unsettled Matter and No Nearer Solution.

### PROPOSITION MADE COUNCIL

At Meeting Last Night, but Not Satisfactory. Land Bought For New Plant.

The representatives of the local water works company met the city council last night as per program mapped out at the previous meeting with a proposition for future contract. The proposition was not one which would be acceptable to the people who are represented by the council, and all that was done with it was to instruct its being turned over to the chairman of the waterworks committee, who was not present. The waterworks committee is to prepare another "proposition" to present to the waterworks people. This "proposition" is to be, it is understood, not an offer to make a contract, but simply a schedule of rates, and a statement of conditions that would be required in the event that a contract should be entered into.

At the same meeting the council took a step in the direction of municipal ownership by purchasing land upon which a plant may be built. The land purchased is the strip of ground which extends from "Santa Fe Trail" street and wedges into the A. T. & S. F. right-of-way. This ground was bought by Mayor Hoover some time ago at a low price and held in view of the city needing it for a water plant. The council gets the ground for \$205.00 and there are other parties who have offered \$600.00 for it.

At its next meeting the council will probably be able to come closer to a decision on the matter. If the council decides favorable to building a new plant the next step would be to call an election to vote on the proposition.

The waterworks question is one which places a great responsibility upon the city council. It is one in which every citizen is interested.

The present company claims that it is ready to put the plant in condition to give good service, and that it can supply water cheaper than the city can supply it for itself. That this claim can be made good by the company there is no doubt. The company is operating an ice plant and an electric light plant together with the waterworks plant and is consequently in a position to operate each cheaper than it could were it not operating the others. The preliminary proposition made last night, however, did not seem to even approach the expectations of the council.

### MATKINS MURDER TRIAL.

Henry Matkins on Trial on Charge of Killing Jacob Jones.

The Matkins murder trial has been holding quite a crowd at the court house the past two days.

The killing of Jacob Jones, a young man 24 years of age, occurred at Ford, Kansas over six months ago. On the night of December 23, 1904 Jacob Jones, his brother Robert, Bud Jones of another family, and the defendant in the present trial, Henry Matkins, spent the evening playing cards for turkeys. Several drinks of whiskey were taken by the players, a quarrel arose, and Jacob Jones was stabbed with a knife. A few days later on January 1, 1905, he died. Matkins in the meantime had been arrested on charge of murdering the young man, and has since been held for trial.

In the trial County Attorney L. A. Madison is assisted by his partner G. L. Finley in the prosecution of the case. The defense is being conducted by M. W. Sutton and T. A. Seates.

The state witnesses and Matkins agree in their testimony up to a certain point, then there is a divergence on certain points.

It is agreed that the four were playing cards. That turkeys were the stakes. That drinks were taken, though the number of drinks is not agreed upon. Bud and Jacob Jones were partners, and Bob Jones and Matkins played together.

According to the state's evidence when the quarrel arose Matkins picked up the lamp as though to throw it at Jacob Jones. Then he picked up a tumbler for a like purpose. Then he drew a knife, and when he and Jacob Jones got together, Bob Jones says he saw Matkins strike Jake, but that he could not see the knife at that time. It is claimed that Jake near that time said something about Matkins cutting him. After the

RATH & BAINBRIDGE.

quarrel the Jones brothers started home, but after riding a short distance, Jake said he was hurt and they returned to Ford to find a doctor.

Matkins claims that he refused to play further in the game on account of the others cheating. He says when he raised the lamp and later the tumbler it was merely to put them on the center of the table. He says he took his pocket knife out for the purpose of cutting a piece of tobacco; that closely following that he was struck several hard blows and that he was unconscious until the next morning, and at that time he found his knife on the floor in a corner of the room under the table.

Among all of the witnesses there seems to be an uncertainty as to just what occurred. One of the state's witnesses denies Matkins' story that he was unconscious after the trouble occurred.

There is still more evidence to be introduced before the trial is closed.

### WORLD'S FAIR IS ON

Lewis and Clark Exposition Opened One Week Ago Today.

After more than two years of preparation, and the expenditure of \$5,000,000, the Lewis and Clark Exposition opened its gates to the public on June 1, and the public thronged the grounds. The day was made a legal holiday in Oregon, Washington and Idaho and every business house in Portland was closed.

Visitors to the Exposition on the opening day found the Fair much better prepared than any previous enterprise of the kind has been, and were pleased with the general appearance of things. The Exposition site, which embraces 400 acres, is composed of hill and dale, with a little lake and a peninsula in the latter on which the United States Government's five magnificent structures are located.

The Lewis and Clark Exposition is a world's fair in every sense, since nearly every nation on the globe is represented, and it is a national enterprise, for the United States government has sanctioned it by providing buildings and displays which represent an expenditure of \$800,000 and ten states have erected buildings in which their displays are housed; but primarily it is the Pacific Northwest's show, and the whole Pacific Northwest has united to make the show a success. California has a beautiful building, which cost \$35,000 and valuable displays which were provided for in an appropriation of \$90,000. Washington, sister to the Exposition state, appropriated \$70,000 for a building and exhibits at the Fair, and Idaho has a building and displays which cost \$35,000. The state of Oregon with a population of half a million, appropriated \$450,000 for the enterprise, a sum larger than any ever voted for a similar purpose by a state of so small a population.

### No Secret About It.

It is no secret, that for cuts, burns, ulcers, Fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Rath & Bainbridge drug store.

### Card of Thanks.

Miss Mary Lee desires to extend her heartfelt thanks to the people of the Ft. Dodge Home and especially to Commandant Thomas, the G. A. R., and W. R. C. for their sympathy and kindness during the funeral and burial of her brother John Lee.

### Coal, Coal.

Leave orders for prepared Canon, just the fuel for summer use, \$5.50 per ton. E. E. SMITH.

### ARRESTED HERE TUESDAY

Rush County Sheriff was Busy Here Tuesday Evening.

The sheriff of Rush county accompanied by a deputy made a sudden and somewhat startling arrest in Dodge City on Tuesday evening and left on No. 8 with the members of a new grocery firm of this place in charge.

Just before Santa Fe No. 8 was due to leave town the Rush county officers stepped in at the front door of the Ideal grocery and meat market and arrested the proprietors of the Ideal, the Swanzy Brothers, following the action by producing an outfit of handcuffs.

Nothing is known here regarding the merits of the charge against the Swanzy Brothers. Before coming to Dodge City it is understood they were in business in McCracken. A fire which is said to have started in a building adjoining their's swept a part of the town and the popular opinion here has been that the fire did not start accidentally. So far as has been learned here there has been no evidence discovered against anyone, but there seems to have been a suspicion against the Swanzy brothers which finally resulted in their arrest here Tuesday. The two Swanzy brothers and a brother-in-law who was here with them were taken to McCracken by the officers. Before leaving the Ideal proprietors stated that there was nothing in the charge and that they would be back to look after business here within a few days.

### Lawn Social.

A lawn social will be given by the Christian church on Friday evening at the home of T. E. French on Railroad avenue.
